# Deposco University Certification Program

Upskill your workers and maximize your Deposco investment
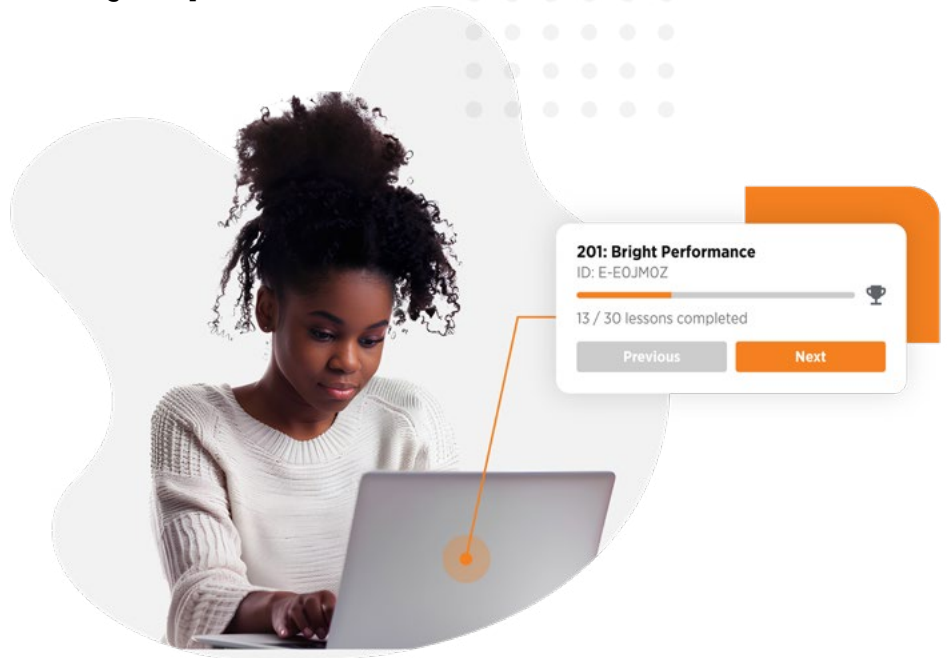

Become a Deposco Champion!

Deposco offers a self-paced video learning platform designed to improve your workers' skills and daily lives while accelerating adoption and value from your investment.

Customers and partners can certify users on the breadth of Deposco products through recorded instructor tutorials tailored to their needs and schedules. Deposco University integrates learning into the worker's daily routine, empowering users to tackle the latest challenges more effectively and efficiently with Deposco.

- **Narrative-based** Each course guides the user through a mock company's experience using 4 specific scenarios: "Setting the Scene" animations, "Explaining" videos, "Showing" demos, and hands-on DIY practice exercises.

- **Intuitive** Learn from expert instructors in an easy-to-navigate format. Progress Tracking empowers workers to monitor their learning journeys, reinforce what they learned through interactive quizzes, and celebrate achievements. Discussion Forums facilitate engagement with peers and instructors for deeper understanding.

- **Self-Paced** Learn at your own pace, anytime and anywhere. Users can pause and resume lessons without interfering with their daily commitments.

- **Comprehensive** Video library of diverse topics. Choose the learning experience to fit your staff's schedule and needs. Access a wide range of how-to's that are relevant to your field.
